 **Circular Merch** is a decentralized marketplace for buying and selling crypto merchandise between individuals.

Our dapp has an **anonymised sending** and **receiving system**.

**We serve four needs in the web3:**

- 1. Sustainability:** giving a second life to what we no longer wear
- 2. Usefulness:** engage the community and avoid excess merchandise at home
- 3. Privacy:** send and receive an item without revealing your personal information
- 4. Transparency:** share your article on **Lens** and create a reputation according to the score on our dapp.
